SHOW MY POSITION FINDING THE QUICKEST ROUTE TO YOUR VEHICLE(S)

For the optimal Lot Vision experience, use the **SHOW MY POSITION** feature which enables Lot Vision to display your current location on the lot in relation to the vehicles you have searched, helping you to identify the quickest route to view your vehicle(s). When **SHOW MY POSITION** is enabled you'll see a solid line drawn from your position on the lot to the first vehicle in your search, and dotted lines extending to additional vehicles in your search. The lines indicate the recommended fastest path for going to each vehicle.

To view the quickest route to view your vehicle(s), follow steps below:

1. Use the Search feature to display the vehicles you are looking for on the Map.
2. Click on the [Show My Location](#) icon on the Map

***TIP! FOR THIS FEATURE TO WORK YOU MUST ALLOW YOUR MOBILE DEVICE TO ACCESS YOUR LOCATION SERVICES (SEE NEXT PAGE FOR DETAILS)**

USING LOT VISION AND MANHEIM.COM

To enhance your experience locating vehicles with Lot Vision, try using it with Manheim.com.

Taking a little time to complete some prework on your laptop prior to arriving at the auction will help you to navigate on the lot more safely, quickly, and efficiently.

The steps below provide details on how you can use the Manheim.com "Workbook" to create a list of vehicles that you want to view, load those vehicles into Lot Vision, and send yourself a link to the Map of those vehicle locations for easy and quick access on your mobile device when you get to the auction. You will be able to see the exact location of all the vehicles that you want to preview saving valuable time on the lot.

SUGGESTED PRE-WORK PRIOR TO ATTENDING LOT:

Follow the steps on your Laptop to complete your pre-work:

1. Use the Manheim.com Workbook to create a list of vehicles you want to preview
2. Click the Export All button and save the Excel file to your desktop.
3. Open the Excel File and Copy the VIN or WO# from the list (up to 300)
4. In a separate browser, open the Lot Vision page for the appropriate auction
5. Paste the VIN / WO# list from Excel into the Search field and click the Search button.
6. Lot Vision will display the location all of the vehicles you searched for.
7. Copy/paste the URL from Lot Vision and send the URL to yourself (via email or text)
8. When you arrive at the auction on your Smartphone, use the URL that you sent to yourself to open Lot Vision – The vehicles will be displayed on the Map.
